## The new way to shop for glass.

Thanks to our passion for glass, we're constantly on the lookout for ways to improve our service, and with the launch of the new Pilkington Green Card, we've now made it even easier for you to manage your Pilkington account.

Designed to allow you to take further control of your finances and enhance the way in which you buy your glass, our charge card consolidates all your purchases and simplifies the day to day running of your account. This, in the long term, will also save you both time and money.

You'll also find that the Pilkington Green Card is safe and secure, and you will be protected by the direct debit guarantee. If you have any problems, a trade customer service advisor will always be on hand to assist you, or if your card is lost or stolen, a 24 hour hotline will be available to help you.
