WHAT ARE WE LOOKING FOR?

An enthusiastic, creative, driven front end web developer/ designer to work across the NSG Group!

We are a global leader in innovative high-performance glass and glazing solutions in three business areas: Architectural, Automotive and Technical Glass.

THE ROLE

You will be responsible for:

- Creative design & defining frameworks
- Review & advise on emerging technologies and trends
- Working within front end team on multiple projects to design, create, enhance and support bespoke web sites / applications across all platforms
- Liaising with Marketing & Corporate Communications to transform ideas into deliverables
- Working with industry leading enterprise CMS and the latest tools
- Solution development
- Designing digital assets for web sites and social media platforms
- Within a talented Global team based across UK, Japan, Brazil, Germany, Poland

YOU

- Previous commercial digital design experience
- An excellent digital focused portfolio, showcasing recent projects
- Passionate about technology
- Able to clearly & confidently present their ideas and concepts to multiple audiences
- Real passion for UI/UX
- Genuinely creative mind and flair for design
- Customer focused

YOUR TECHNICAL SKILLS

- Competent in HTML, CSS, Javascript, ASP.net, MVC and C#
- Experience of Content Management Systems
- Sitecore 9 (desirable)
- Adobe Creative Cloud
- Google Analytics & Data Studio
- Experience working with responsive and mobile design

YOUR BENEFITS

- 25 days holiday
- Annual bonus (based on company performance)
- Employee discount scheme
- DC pension scheme
- On site car parking & restaurant
- On site fitness activities and events

We will train you in any of the skills you don't currently have!

A full UK driving licence and car ownership would be an advantage due to limited public transport to the site.

Application is by CV and covering letter to:
RecruitmentVacanciesUK@pl.nsg.com.
