Proposal: Election of Six Directors

The term of office of all the eight Directors shall expire as of the end of this Ordinary General Meeting of Shareholders. Hence the shareholders are hereby asked to approve of election of six Directors based on and pursuant to the decision of Nomination Committee of the Company. Those director candidates are as follows. For further information on each director candidate please refer to the pages from 7 to 12 of this Convening Notice:

No	Name	Position	Current Responsibilities at the Company				Record of attendance at Board meeting
			Board	NC	AC	CC	
1	Yasuyuki Kimoto To be re-elected	External Independent	Chairperson	Chairperson	Member	Member	100% (15/15)
2	Shigeki Mori To be re-elected	Representative Executive Officer, President and CEO		Member		Member	100% (15/15)
3	Jörg Raupach Sumiya To be re-elected	External Independent		Member	Member	Chairperson	100% (15/15)
4	Hiroshi Ishino To be re-elected	External Independent		Member	Member	Member	100% (10/10)
5	Kunihito Minakawa To be re-elected	External Independent		Member	Member	Member	100% (10/10)
6	Yoshihiro Kuroi To be re-elected	External					100% (10/10)

Notes:

- Messrs. Yasuyuki Kimoto, Jörg Raupach Sumiya, Hiroshi Ishino, Kunihito Minakawa and Yoshihiro Kuroi are all candidates for the External Directors stipulated in Article 2.15 of the Companies Act. In addition, all of them except Mr. Yoshihiro Kuroi have been notified to Tokyo Stock Exchange (hereinafter called "TSE") as Independent Directors. The Company has on its own created and applied more stringent criteria with respect to such independency of directors considering their relationships with the Group itself, Group's directors and/or Group's major shareholders, which four candidates for External Directors also meet. For the detail of the criteria, please see pages from 13 to 14.
- The Company has entered into an agreement on limitation of liabilities with all the candidates of the External Directors whose tenure is expiring (Messrs. Yasuyuki Kimoto, Jörg Raupach Sumiya, Hiroshi Ishino, Kunihito Minakawa and Yoshihiro Kuroi) respectively to the effect that the level of the liability of each of the External Directors in having performed their duties in good faith and without gross negligence on their part should be capped by the amount allowed by law.
- The Company contracts the Directors and Officers liability insurance based on the Article 430-3, Paragraph 1 of the Companies Act of Japan with insurance companies, and the policy will compensate any reasonable and necessary legal or other defense costs incurred in defending an action brought against them during the policy period. It also pays any ensuing damages, judgements and settlements that are awarded to the plaintiff or third party against the director or officer. Messrs. Yasuyuki Kimoto, Shigeki Mori, Jörg Raupach Sumiya, Hiroshi Ishino, Kunihito Minakawa and Yoshihiro Kuroi as director candidates respectively are included to insured persons. The premium of the insurance for all insured persons is paid by the Company.

(For Reference)

In order to develop and enhance the enterprise value of the Group in a sustainable manner on a medium to long term basis, the Board is required to effectively supervise the execution of duties by executive officers, etc., while preparing for a corporate environment which would enable the executive management to take proper degree of risks associated with business. Based on the company situation and the issues to be solved in the execution of the three-year medium-term plan starting from this year, the experience and specialized knowledge for the director candidates, which the Nomination Committee considers to be particularly important, are defined as follows, and the composition of directors would be well-balanced as a whole in consideration of diversity.

Name	Global Company Management Experience	Financial Expertise	Risk Management / Governance	Portfolio management / New Business Development	Operational Excellence / Supply Chain Management	Marketing / Commercial
Y.Kimoto	○	○	○			
J.Raupach-Sumiya	○		○	○		
H.Ishino	○	○	○	○	○	○
K.Minakawa	○	○	○			
Y.Kuroi	○	○	○	○		
S.Mori	○	○	○	○	○	○

- Global Company Management Experience: Management experience in a global or multinational business environment is required and it is a core item clarified in the NSG criteria for nomination of the director candidates.
- Financial Expertise: The item required from the perspective of leading the statutory audit committee in a company adopting the committee-based governance structure, and supervising executive management from the financial aspect. More specialized expertise is desirable, not just accounting experience.
- Risk Management/Governance: The item that should be expressed from the perspective of supervising the execution of duties, which is one of the important roles of the board of directors in a company adopting the committee-based governance structure. Also, ESG initiatives are becoming more important, and governance being conscious 'E' 'S' is required.
- Portfolio management / New Business Development: The item should be expressed from the perspective that effective and efficient supervision is required for initiatives against "Business structure reform" such as new business development and Portfolio transformation to highly profitable business.
- Operational Excellence / Supply Chain Management : As a manufacturing company, improving on-site operational work performance is essential, and from procurement / manufacturing to logistics, cost structure reform that transcends the boundaries of each function and optimal manufacturing / supply chain are important. Therefore, the item should be expressed from the perspective that effective and efficient supervision is required for initiatives against "Cost structure reform" "Business structure reform" and "Restoration of financial foundation".
- Marketing/Commercial: Strategic marketing is needed to develop the business, and the item should be expressed from the perspective that effective and efficient supervision is required in implementing initiatives for "Business structure reform" and customer-oriented "Corporate culture reform".

155th Business Report of Nippon Sheet Glass Company, Limited

From 1 April 2020
To 31 March 2021

I. Matters Relating to the Current State of the Company's Group

1. Overview and Results of Business Activities

The Group's core markets during the first quarter were affected by the dramatic decline in demand due to the COVID-19 pandemic. From June when travel restrictions were eased, demand started to improve quickly, and the recovery trend continued through to the end of the period. In the fourth quarter, vaccination programs and the gradual loosening of lockdown measures helped uplifting consumer confidence in some markets, whilst in other markets where COVID-19 infections remained high or even increased, governments responded with the further imposition of social rather than industrial lockdowns, enabling the Group's facilities to continue operating. Architectural markets experienced robust activity from June, especially in Europe and South America. Demand for Solar Energy glass remained strong, largely unaffected by COVID-19 factors. Automotive markets continued to recover rapidly from the low levels experienced earlier in the year, with demand from the third quarter exceeding the levels of the previous year. Demand in most regions was, however, curtailed by shortages of computer-chips and other components at the Group's customers. Technical glass markets where the impact of COVID-19 pandemic was relatively small, were mixed, with demand improving in some areas and remaining weak in others. The Group recorded a cumulative net charge with respect to exceptional items of ¥21,400 million, including the costs of COVID-19 of ¥ 16,060 million, restructuring costs of ¥ 14,709 million, and a gain on disposal of non-current assets of ¥ 7,063 million, arising from the sale of land in Japan.

As a consequence, the Group's year-end results were as shown in the table below.

Consolidated Revenue		Consolidated Operating Profit	
¥499,224m	(down 10.2%)	¥13,067m	(down 38.3%)
Consolidated Profit/(Loss) before Taxation		Consolidated Profit/(Loss) for the Period	
¥(17,171)m	—	¥(16,316)m	—
Consolidated Profit/(Loss) Attributable to Owners of the Parent			
¥(16,930)m	—		

Notes:

Operating profit in the above table is defined as being operating profit stated before exceptional items.

The performance by segment is as follows.

Architectural Glass Business

Revenue ¥ 215,501 million

Operating profit ¥ 15,670 million

Main Focus of the Business :

- The manufacture and supply of flat glass for Architectural market
- The manufacture and supply of various interior and exterior glazing products within commercial and residential markets
- The manufacture and supply of glass for the Solar Energy

Ratio of sales to Group revenue

Revenue Operating profit (Millions of yen)

The Architectural business recorded revenues of ¥ 215,501 million (FY2020 ¥ 233,687 million) and an operating profit of ¥ 15,670 million (FY2020 ¥ 17,331 million).

Architectural revenues and profits fell from the previous year due to the impact on demand of the COVID-19 pandemic, particularly during the first quarter of the year. Profits exceeded the previous year in each of the second, third and fourth quarters.

In Europe, representing 39 percent of the Group's architectural sales, cumulative revenues fell due to lower volumes associated with the COVID-19 pandemic during the first quarter. Volumes improved markedly during the second quarter as production was resumed at facilities that had previously been suspended, then strengthened further during the third and fourth quarters. Price levels also recovered in line with an increased level of market demand. The recovery of profitability was also aided by strong operational performance and tight cost control.

In Asia, representing 36 percent of the Group's architectural sales, cumulative revenues were also below the previous year, largely due to the COVID-19 pandemic, which had a significant impact on construction activity but a relatively minor impact on solar glass volumes. Profits improved however, with a reduction in costs, especially in Japan. The suspension of production at the Chiba #1 furnace and also at a furnace in Malaysia towards the end of the first quarter lowered fixed costs and contributed to the improved profitability.

In the Americas, representing 25 percent of the Group's architectural sales, cumulative revenues and profits were below the previous year due to the impact of the COVID-19 pandemic especially during the first quarter of the year. Results recovered from the second quarter, with volumes in South America being particularly strong. The new float furnace to produce TCO (transparent conductive oxide) coated glass for solar panels in Luckey, Ohio started operations during the third quarter.

Automotive Glass Business

Revenue ¥ 245,184 million

Operating profit ¥ 1,802 million

Main Focus of the Business :

- The manufacture and supply a wide range of automotive glazing for new vehicles
- The manufacture and supply a wide range of automotive glazing for replacement markets

Ratio of sales to Group revenue

Revenue Operating profit (Millions of yen)

The Automotive business recorded sales of ¥ 245,184million (FY2020 ¥ 280,977 million) and an operating profit of ¥ 1,802 million (FY2020 ¥ 6,100 million).

In the Automotive business, revenues and profits were below the previous year due to the collapse of demand arising from the COVID-19 pandemic during the first quarter of the year. In the OE business, demand has gradually recovered since June 2020 however, and fourth quarter, three-month, results were significantly better than the previous year which included major customer lockdown closures in March 2020. Sales in the fourth quarter have also been impacted by computer-chip component shortages in most regions. In the AGR business, demand improved from the second quarter with an easing of lockdown restrictions.

Europe represents 42 percent of the Group's automotive sales. Cumulative revenues and profits fell from the previous year, due to a collapse in demand during the first quarter as a result of the COVID-19 pandemic. The Group's automotive facilities have operated broadly in line with the Group's customers' facilities, with production restarting towards the end of the first quarter and then steadily increasing from the second quarter. Results during the fourth quarter were above the previous year, although consumer demand continued to be impacted by lockdown measures in many European markets, and the Group's customers were also forced to restrict vehicle-build levels due to a shortage of computer-chip components.

In Asia, representing 25 percent of the Group's automotive sales, cumulative revenues and profits were also below the previous year due to the COVID-19 pandemic. The Group's automotive facilities have generally remained operational throughout the year, benefitting from increasing volumes from the second quarter, although vehicle manufacturers experienced computer-chip shortages, and also other component shortages following an earthquake that occurred in Japan in the final quarter, which together constrained the recovery of volumes.

In the Americas, representing 33 percent of the Group's automotive sales, cumulative revenues and profits also declined as a consequence of the COVID-19 pandemic, although markets have improved since with results during the fourth quarter being above the previous year. Vehicle production rebounded in North America from the second quarter, driven by customers recovering inventory levels and improving vehicle sales, and has continued at robust levels since then. Production in South America also staged a recovery although remains at a relatively low level. Final quarter sales, particularly in North America, have been negatively impacted by shortages of computer-chips and other components at the Group's customers.

Technical Glass Business

Revenue ¥ 36,818 million

Operating profit ¥ 6,707 million

Main Focus of the Business :

- The manufacture and supply of very thin glass for small displays
- The manufacture and supply of lenses and light guides for printers
- The manufacture and supply of glass fiber products, such as battery separators and glass components for engine timing belts.

Ratio of sales to Group revenue

Revenue Operating profit (Millions of yen)

The Technical Glass business recorded revenues of ¥ 36,818 million (FY2020 ¥ 40,143 million) and an operating profit of ¥ 6,707 million (FY2020 ¥ 7,116 million).

COVID-19 had a limited impact on the fine glass business and results have improved as the year progressed. In the information devices business, volumes of printer lenses were boosted by work from home and school from home demand. Demand for glass cord used in engine timing belts fell during the early parts of the year, reflecting conditions in the automotive sector, although recovered strongly towards the end of the year. Metashine sales fell, particularly for cosmetic applications as a result of COVID-19. Results in the battery separator business remained stable.

Other Operations and Eliminations

The Other Operations and Eliminations recorded revenues of ¥ 1,721 million (FY2020 ¥ 1,371 million) and operating loss of ¥ 111,112 million (FY2020 loss of ¥ 9,370 million).

This segment covers corporate costs, consolidation adjustments, certain small businesses not included in the segments covered above and the amortization of other intangible assets related to the acquisition of Pilkington plc.

2. Capital Expenditure

The capital expenditure of the Group totaled ¥43,347million during the fiscal year under review, broken down by segment as follows:

(Millions of yen)	
Business	Expenditure
Architectural	¥ 27,028
Automotive	¥ 14,653
Technical Glass	¥ 979
Other	¥ 687

3. Financial Situation

Total assets at the end of March 2021 were ¥ 824,963 million, representing an increase of ¥ 59,766 million from the end of March 2020. Total equity was ¥ 79,762 million, representing a decrease of ¥ 8,432 million from the March 2020 figure of ¥ 88,194 million. The cumulative fall in total equity was due to the loss recorded for the period and also a loss recorded within other comprehensive income following an update of Retirement Benefit Obligation (RBO) assumptions. These factors were partly offset by an increase in equity due to positive exchange differences arising on consolidation.

Net financial indebtedness increased by ¥ 21,603 million from 31 March 2020 to ¥ 411,771 million at the period end. The increase in indebtedness arose from the cash out-flow during the period arising from the COVID-19 related trading conditions earlier in the year and also the investment in strategically important capital expenditure projects. Gross debt was ¥ 471,710 million at the period end. As of 31 March 2021, the Group had un-drawn, committed facilities of ¥ 74,934 million.

Although the Group experienced a circumstance which could have caused a breach of one of the financial covenants provided in loan agreements with some Japanese lenders at the end of FY2021, it obtained advanced written consent from each relevant lender to the effect that they would not test such covenants or it did not constitute a breach of such covenants, as of the end of FY2021.

Cash inflows from operating activities were ¥ 21,053 million. Cash outflows from investing activities were ¥ 25,589 million, including capital expenditure on property, plant, and equipment of ¥ 39,201 million and proceed on disposal of property, plant, and equipment of ¥ 15,952 million. As a result, free cash flow was an outflow of ¥ 4,536 million. Free Cash flows improved from the previous year (FY2020 free cash outflow of ¥26,444 million) as a result of strict control of working capital and restricting capital expenditure.

4. Issues to be Addressed

(1) Management Principle

NSG Group announced its new management principle “Our Vision” at the company’s 100th anniversary in 2018. “Our Vision” comprises the Mission (core purpose), Aspiration (desired future position) and Core Values (the basis on which we work and conduct ourselves). With “Our Vision,” NSG Group is striving to realize a sustainable society by offering new values and services with glass swiftly and appropriately to meet the growing needs of our customers and society.

Management Principles – “Our Vision”

(2) NSG Group’s MediumTerm Vision

In order to fulfill its mission of “changing our surroundings, improving our world”, NSG Group recently formulated a MediumTerm Vision to become “A global glass supplier contributing to the world with high value-added glass products and services” as a direction the Group should be heading for.

Based on this, the Group has set forth “Three Areas of Contribution” to be focused on as follows:

- 1) Safety & Comfort: To create people-friendly surroundings and a living space that is pleasant, safe and healthy
- 2) Eco society: To create an eco-friendly world by various contributions such as a shift to renewable energy and lowering the usage of air-conditioning and heating
- 3) Information and Telecommunication: To contribute to the development of Information and Telecommunication to make people’s lives more convenient and to support the advancement of the society

Also, as our aspiration for the future state of the Group, we strive

- To never fail to take up challenges and follow through to deliver results, and
- To continue to provide employees with opportunities to grow and find joy in working.

Medium Term Vision & Three Areas of Contribution

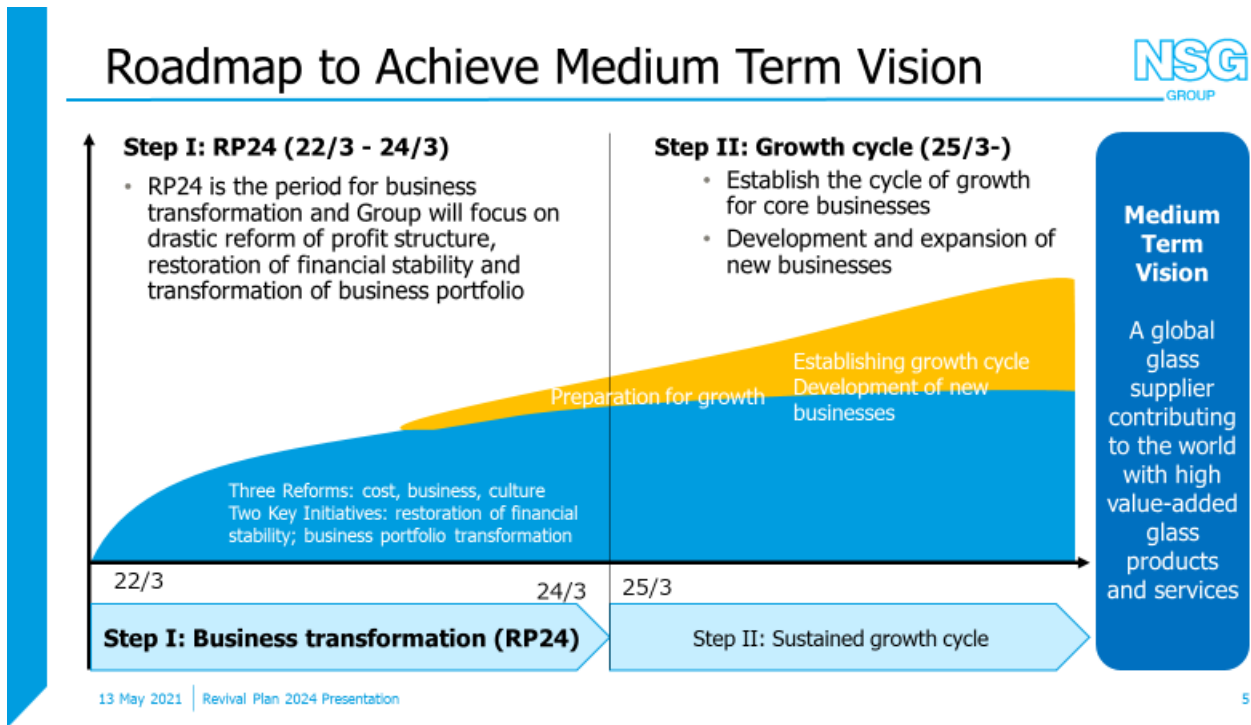

Mission: Changing our surroundings, improving our world
 Medium Term Vision: A global glass supplier contributing to the world with high value-added glass products and services

(3) Roadmap to achieve Medium Term Vision

On 13th May 2021, the Group publicly announced “Revival Plan 24 (RP24)” as its new Medium Term Plan covering a three-year period from FY2022 to FY2024 aiming at building robust business for sustained growth and preparing the Group for the next disruption in the business environment

In order to achieve Medium Term Vision, we will take actions in two steps, namely, Step I (RP24: FY2022 to FY2024) for business transformation and Step II (FY2025 and beyond) for sustained cycle of growth. RP24 is deemed as the period for business transformation during which time the Group will focus on drastic reform of profit structure, restoration of financial stability, and transformation of business portfolio so as to accomplish drastic and fundamental initiatives as a basic principle.

(4) Review of previous MTP (Medium Term Plan)

Based on the Group's Long-Term Strategic Vision 'Transform into VA Glass Company' (VA stands for value-added), we drew up Medium Term Plan (MTP) Phase 2 over a three-year period from FY2018 to FY2020 and executed the Plan to achieve the following objectives and targets.

- MTP targets:**
- To achieve financial sustainability
 - To start the transformation into a VA Glass Company

Financial targets and actuals in FY2020:

	Target	Actual
ROS (based on trading profit or profit before amortization of non-tangible assets)	Over 8%	4.1%
Net financial debt/EBITDA	3x	7.1x

In MTP Phase 2, the Group steadily achieved VA shift and improved profitability by driving forward the "VA No. 1" strategy. The Group successfully expanded its business in the field of online coating of architectural glass and was increasingly awarded new contracts for VA glass in automotive business. In a bid to further expedite the growth, a strategic investment was carried out to boost the manufacturing capacity of solar panels, and Business Innovation Center was established to accelerate new business development. Financially, the Group improved the equity ratio by issuing Class A Shares in 2017; achieved the target to reduce financial expenses one year earlier; and resumed dividend distribution for the first time in the last six years.

Although the Group steadily improved its profits up to FY2019 as mentioned above, it was severely impacted by the sharp drop of automotive production in Europe and the deterioration of supply and demand balance in architectural glass markets since the beginning of FY2020 and then, further damage was inflicted by the outbreak of COVID-19 pandemic. As a result, the Group failed to achieve the financial targets of MTP Phase 2 in FY2020, the final year of MTP Phase2.

(5) Business Environment, and Initiatives and Targets in New Medium Term Plan "Revival Plan 24 (RP24)"

Although NSG Group started efforts to transform itself into a "VA glass company" under the Medium Term Plan (MTP), cyclical nature of its business with a high fixed cost ratio has not been changed sufficiently. Reflecting on the outcome, the Group recognized the need for more drastic reforms. Against this backdrop, RP24 was developed to be executed during the critical period from FY2022 to FY2024 in order to build business strength for the cycle of sustained growth.

A) Business Environment and Issues to be Addressed

The current pandemic of novel coronavirus has not only threatened the health and lives of people across the globe but also affected the global economy significantly. Economic activities gradually resumed from the middle of 2020 and demand relevant to the Group recovered rapidly. We anticipate that gradual demand recovery will continue going forward, and yet it will take some time before demand returns to the pre-pandemic levels.

In the float glass industry, commoditization of products and competition are intensifying with the entry of glass manufacturers from emerging markets. On the other hand, climate change due to global warming has been recognized as a global risk, and the reduction of greenhouse gas emissions from the glass production process has become one of our material management issues.

Meanwhile, there is a growing need for technical glass. In the Architectural Glass area, demand for energy-saving and energy-generating glass is expanding in line with the increasing use of natural energy and also products which contribute to maintaining health and hygiene is growing. In the Automotive Glass area, expectations are increasing for products that can respond to the "once-in-a-century" technical innovation in the automotive industry (CASE). Moreover, peoples' work and lifestyles are likely to change significantly in the "post-Covid-19 world" with the advancement of digital transformation, which would lead us to much more expectation that glass materials could make a contribution in fields such as life science, IoT and cloud computing.

B) Main Initiatives of RP24

In RP24, we will execute the following “Three Reforms” and “Two Key Initiatives” decisively and build business strength to sustain the cycle of growth.

Three Reforms:

①Cost structure reform	Fundamental cost structure reform including headcount reduction, fixed cost reduction and procurement cost reduction will be executed to lower the cost base further
②Business structure reform	Expansion of value-added business, development of new growth businesses, and emphasis on investment and asset efficiency to transform business structure and sustain the cycle of growth
③Corporate culture reform	Value “customer focus”, “swift decision making and action” and “overcoming difficulties,” and transform into a company group that never fails to take up challenges and follow through to deliver results

Two Key Initiatives:

①Restoration of financial stability	<ul style="list-style-type: none">● Focus of growth investment on strategically core businesses and selectively allocate and prioritize other capital expenditure● Thorough review of cost and improvement of productivity to build a robust business that can generate profit and free cash flow constantly● Generation of free cashflow and net profit aiming to enhance equity, while proactively reviewing further enhancement of equity from a longer term viewpoint
②Transformation into more profitable business portfolio	<ul style="list-style-type: none">● Bold strategic review of shrinking or exiting non-core businesses● Focus of management resources on growth and high value-added areas, considering investment and asset efficiency● Business profitability improvement and management cost reduction to establish the cycle of sustained growth

C) Financial Targets

NSG Group’s most urgent task is to recover a sustainable financial base. To this end, the Group aims to restore equity ratio to more than 10 percent quickly by steadily generating net profit and free cash flow every term. Meanwhile the Group will also proactively review further enhancement of equity from a longer term viewpoint

- Improvement of OP margin via: Cost structure reform, business structure reform, business portfolio transformation
- Selective and focused investment: control of the total capital expenditure, prioritization according to asset efficiency, growth potential and added value

Financial targets for the final year of RP24 (FY2024) are as follows:

Operating profit Margin*1	8%
Net profit/loss*2	> JPY 30 bn cumulatively for 3 years
Equity ration	> 10%
Free cash flow	> JPY 10 bn

*1: Operating profit after amortization

*2: Profit attributable to owners of the parent

(6) Approach to Sustainability

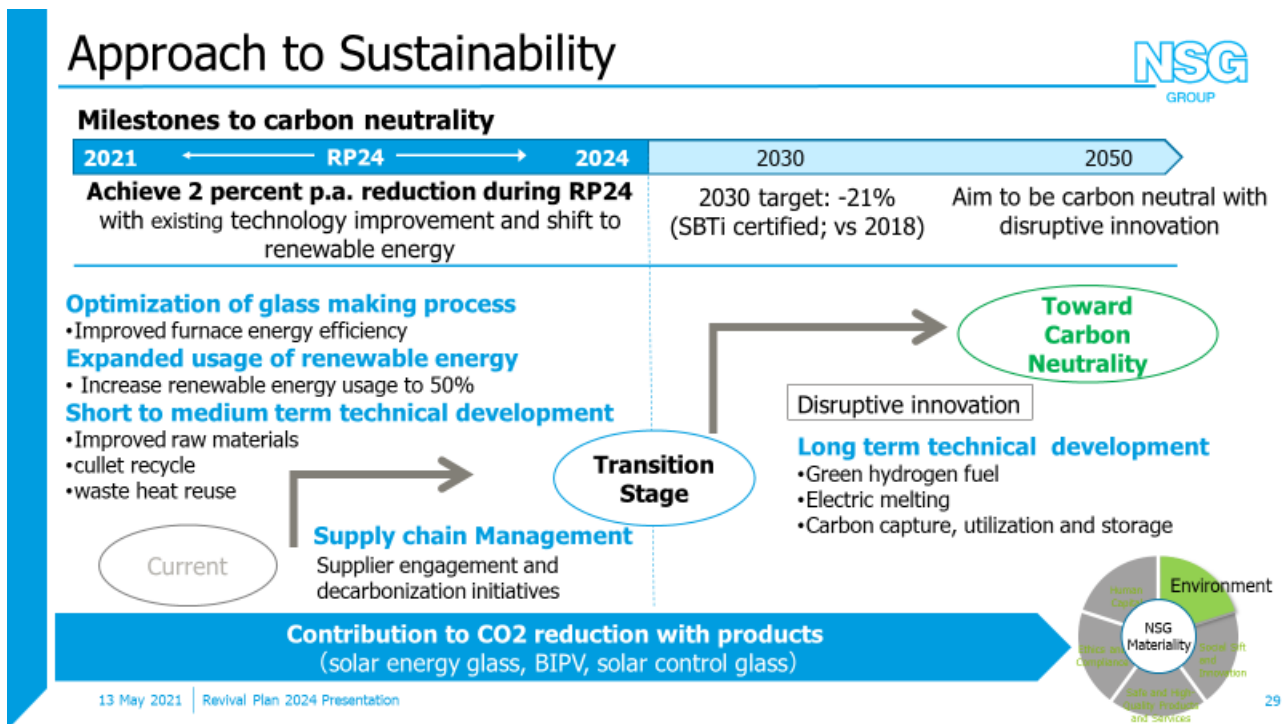

Based on "Our Vision", the Group has adopted five Materiality categories to attain sustainable growth of the Group and contribute to a sustainable society in the medium- to long-term. They are "Ethics and Compliance", "Society Shift and Innovation", "Environment", "Safe and High-Quality Products and Services", and "Human Capital".

Amongst them, in the category of Environment, tackling climate change is a global challenge today and we also consider that it is the top priority management issue for the Group. While products indispensable for promoting energy creation and energy saving are expected to become more important in the future, the Group has the strength in providing such products that can contribute to the advancement of Eco Society as solar energy glass and energy saving glass for ZEB/ZEH and thus, will focus on further expansion of their sales.

Moreover, we aim to reduce greenhouse gas emissions from our production process by 21% compared to 2018 by 2030 and this target is certified as SBT* initiative. In order to achieve this target, we will reduce CO2 emission by 2 percent p.a. during the RP24 period by optimizing glass making process, developing energy saving technologies, and expanding the use of renewable energy. We will set feasible targets for the immediate future and concentrate on achieving them. After that, we will pave the way towards carbon neutrality by means of disruptive innovation. Specific steps to this end should be laid out soon.

In parallel, as a token of endorsing TCFD (Task Force on Climate-related Financial Disclosures) recommendations, the Group will conduct internal evaluation and analysis from the four perspectives of "governance", "strategy", "risk management", and "metrics and targets" at an early date so as to solidify its management foundation.

* SBT (Science Based Targets) are a set of greenhouse gas reduction targets consistent with scientific knowledge

5. Assets and Business Results (Consolidated)

(Millions of yen, except per-share figures)

Total Assets	788,592	761,869	765,197	824,963

Notes:

- The consolidated financial statements of the Group have been prepared in accordance with International Financial Reporting Standards (IFRS). Operating Profit in the above table is operating profit before exceptional items.
- Basic earnings per share attributable to owners of the parent is calculated by dividing the profit attributable to owners of the parent, after deducting dividends and acquisition premium payable related to Class A shares, by the weighted average number of common shares in issue during the year. The dividends related to Class A shares are calculated by the dividend rate defined in the terms and conditions of the shares. The weighted average number of common shares excludes common shares purchased by the Company and held as treasury shares and restricted shares which have not been satisfied the conditions to lift the restriction.
- Total shareholders' equity per share is calculated by dividing the total shareholders' equity, after deducting the amount to be paid in for the Class A Shares and dividends and acquisition premium payable related to Class A shares, by the number of common shares in issue as at the end of the financial year excluding common shares purchased by the company and held as treasury shares and restricted shares which have not been satisfied the conditions to lift the restriction.
- 152nd data is restated as a result of adopting IFRS15 'Revenue from Contracts with Customers'.

5. Stocks issued to Directors and Executive Officers as for Compensation in the fiscal year

The Company issued 133,000 common shares as restricted shares to eight Executive Officers on 12th August 2020 as for Compensation.

6. Other Important Matters Related to the Shares

The Class A Shareholders' right of request to the Company to acquire Class A Shares in exchange for the Company's Common Shares under the Company's Articles of Incorporation may be exercised by them only on or after 1 July 2020, as provided in the underwriting agreement (the "Agreement") entered into by and among the Company and Class A Shareholders. However, the Class A Shareholders are entitled to exercise such right even on or before 30 June 2020, should the Event of Conversion Restriction Removal occur as set out in the Agreement. The Company disclosed on 22 May 2020 that one of the Events occurred such that, the amount of Consolidated Operating Profits of the Group for FY2020 could not reach the threshold as provided in the Agreement.

(Note) The acquisition price for Class A Shareholders exercising their right to request for acquisition in exchange for the company's common shares will be 846.5JPY (except for the case if the acquisition price described in the Articles of Incorporation would be amended).

UDS Corporate Mezzanine No.3 Limited Partnership	6,750shares
UDS Corporate Mezzanine No.4 Limited Partnership	8,250 shares

III. Policy on Return of Our Profits to Shareholders

- Recognizing the distribution of profit to shareholders as one of its important management objectives, the Group has upheld a stable basic policy of declaring dividend payments on common shares based on sustainable business results. To that end, dividend payments by the Group will be determined in view of the enhancement of its financial status and accumulation of the appropriate level of retained earnings for future business growth.

- Considering factors such as the Group's current financial position and its level of profitability, the Board of Directors has regrettably decided not to declare dividends for ordinary shares for the fiscal year to 31 March 2021. The Group recognizes the importance of dividends to its shareholders and anticipates resuming dividend payments when the financial performance of the Group allows. The Board of Directors resolved to distribute the designated amount of dividends for Class A Shares.

2. Compensation for Directors and Executive Officers

(1) Principles of Compensation for Directors, and Executive Officers

1) Organization & Responsibilities for determining Compensation

The company has in place the statutory Compensation Committee (the "Committee") as adopting a "Company with Committees" structure. No member of the Committee is allowed to be present when matters relating to their specific compensation are being discussed.

Role	Compensation Committee is responsible for making decisions on a compensation policy for Directors and Executive officers as well as individual elements of compensation for Directors and Executive Officers. The Committee may also give recommendation or advice to the Representative Executive Officer, President and CEO on the policies and details with respect to compensation for the Group's senior management other than Directors and Executive Officers, keeping a consistency with the policy of 3. Below.
Composition	<ul style="list-style-type: none">• 5 Independent External Directors and 1 Director who concurrently serves as Representative Executive Officer• Chaired by Dr. Jörg Raupach Sumiya, Independent External Director
Secretariat	Human Resources Department
Legal advisor	Legal & Administration Department

2) Activities of the Committee in Compensation related Decision-Making Process

- During FY2021, the Committee met on six occasions, and Attendance rate was 100%, all members attended all Compensation Committee meetings. The Committee resolved the individual amount of basic salary, the performance indicators and method for determining the payment amount of incentives (performance-linked compensation), and the actual payment amount based on the achievement against the previous year's indicators. And also the Committee resolved a plan to allot restricted shares to certain qualified Executive Officers under Japanese employment terms and the number of restricted shares to be allotted as a retirement benefit in May 2020. Restricted shares have been introduced in place of Stock Options which was established with the abolition of the retirement bonus. Restricted shares are designed to provide the same level of stock compensation as Stock Options by also utilizing benchmark data. Accordingly, the number of restricted shares to be issued to the relevant, individual Executive Officers is determined.

- The Compensation Committee gave its final approval to the individual compensation for Directors and Executive Officers for the year ended in March 2021 after confirming that it is consistent with the basic policy on compensation as detailed in 3) and 4).

3) Compensation Policy for Executive Officers

<A> Compensation System and Compensation Composition Ratio

Compensation packages for the Executive Officers principally consist of basic salary, Management Incentive Plan (annual bonus) and Long-term Incentive plan.

The Group operates a global grading structure across the Group, and management grade is determined based on job evaluation by the Group common scale using the HAY management grade methodology, a globally recognised job evaluation methodology. Management grade determines the maximum quantum levels for participants in both the annual and long-term incentive structures.

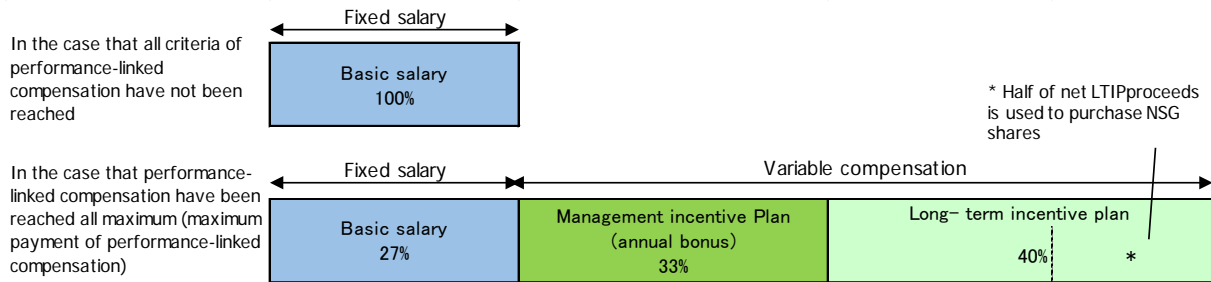

(a) Compensation System

Objectives	<ul style="list-style-type: none"> • To ensure that packages of employment terms and conditions are market competitive and designed in such a way as to attract, retain and motivate Executive Officers of the highest calibre on a worldwide basis in an international business. • To ensure that each individuals basic salary and incentives are aligned with the performance of the Group and the interests of shareholders, as well as reflecting the commitment and achievements of the individuals concerned. 		
Composition and Details	Fixed salary	Basic salary	<ul style="list-style-type: none"> • Salaries are reviewed annually and are broadly aligned with market medians for a global business. • In determining what are the appropriate market rates, account is taken of turnover, market capitalization and the complexity and breadth of internationalization. • In reviewing salaries, account is also taken of the scope and responsibilities of the role, the performance of the individual, the progress the Company is making against its targets and plans and of salary increases planned for other managers.
	Performance-linked compensation	Management Incentive Plan (annual bonus)	<ul style="list-style-type: none"> • Assessed against the achievement of annual performance indicators which are mainly financial. • Aligned to NSG Group's Medium-Term Plan • Payment levels: Ranging between 0% and 125% against each individual's basic salary dependent upon the management grade
		Long-term Incentive plan	<ul style="list-style-type: none"> • Assessed against the achievement of long-term performance indicators over a three-year period • Issued annually • Payment levels: Ranging between 0% and 150% against each individual's basic salary dependent upon the management grade • Require the purchase of NSG Shares by using part of the cash award from the plan to lead to further alignment of the Executive Officers with shareholders, allowing Executive Officers to continue to be motivated to help build shareholder value • Shareholding targets set for Executives :Ranging between 25% and 100% against each individual's basic salary dependent upon the management grade • Plans contain Malus (ability for the value of award to be reduced after it has been granted but before it has vested) and Clawback clauses (ability for the Group to require the participants to repay the value they received after the award has vested). The Group can exercise these provisions if one of a list of trigger events occurs. Trigger events include the Misstatement of results, an error that causes an award to be paid at too high a level, a serious illegal act, or a material breach of the Group Code of Ethics.
	Stock Compensation	<ul style="list-style-type: none"> • Restricted shares are issued annually to some Executive Officers under Japanese employment terms as a retirement saving plan. 	

(b) Compensation ratio

The ratio of basic salary and incentives is, rather than specifically and equally applied, set according to individuals' management grades.

<CEO's compensation ratio>

Note: For clarification, the above diagram includes only base salary plus annual and Long-term incentive plan compensation, no additional benefits are included. In addition, the impact of the share price movement element of the Long-term incentive plan is not taken into account.

Element	Ratio
Management Operating Profit	50%
Free Cash Flow	50%

(b) Reasons for selected the measures

Measures	Reasons
Management Operating Profit	Ensure alignment with delivery of the target numbers assigned to Group operating profit and cash flow which are the financial performance indicators specifically important to the annual budget
Free Cash Flow	

(c) Determination of Management Incentive Plan (annual bonus) Payment Level

• $\text{Payment Level} = \text{Maximum payment amount} \times \text{Achievement rate of Performance measures}$

• A Gate mechanism operates for the plan, which is based on a minimum level of Net Income that must be reached, as an affordability threshold before considering payment based on achievement against the different performance measures.

- If the Gate is not met, no payment is made
- If the Gate is met, payment is made based on achievement against the performance measures

• For each performance measure the minimum performance level ("Entry") of performance is set in line with the annual budget for the financial year. Appropriate stretch to "Target" level is identified, as is the stretch to the performance level that would equate to the maximum payment level ("Max").

Achievement rate of performance measures = Payment rate of Management Operating Profit measure x 50% + Payment rate of Free Cash Flow measure x 50%

< C > Long-term incentive

① Plan commencing in FY2020 (Target period : FY2020, FY2021 and FY2022)

② Plan commencing in FY2021 (Target period : FY2022 and FY2023)

* For the plan commencing in FY2021 only, due to the uncertainty in numbers resulting from the impact of Covid-19 on the business, the aggregate EPS scale is based on the 2 years FY2022 and FY2023.

Performance Measures of Plans commencing in FY2020 and FY2021

Performance Measures	Ratio
EPS (Earning per Share)	50%
ROS (Return on Sales)	50%

(b) Reasons for selected the measures

Performance Measures	Reasons
EPS	Two performance measures ensure clear link with the Medium-Term Plan, incentivising executives to further strengthen earning power and enhance shareholder value.
ROS	

(c) Determination of LTIP Payment Level

$$\text{LTIP Payment} = \text{Maximum payment amount} \times \text{Achievement rate of Performance measures} \times \text{Share price movement rate}$$

• For each measure, "Entry" is set in such a way to ensure that the business is meeting the minimum required performance level and the "Maximum" point on the scale has appropriate stretch.

Achievement rate of performance measures= Payment rate of “EPS measure” x 50% + Payment rate of “ROS” measure x 50%

- The share price movement rate is a coefficient that is linked to the price movements of the Company's share price for the three-year period covered by each plan, and is adjusted based on the price movement of the monthly average share price in the month before the start of the plan and the monthly average share price of the last month of the plan.

4) Compensation Policy for Independent External Directors

Objectives	<ul style="list-style-type: none"> • To ensure that independent external directors can adequately and effectively fulfill their supervisory roles • To ensure that they have the capability and experience required to fulfill this role
Compensation level	<ul style="list-style-type: none"> • Set at the appropriate level based on comparisons with other companies using benchmark data provided by specialist external advisers.*
Compensation Structure	<ul style="list-style-type: none"> • Only Basic salary • Not eligible for Management incentive plans (annual bonuses) and Long-term incentive plans • Independent External Directors receive additional payment if they act as Chair at either the Board or any of the Committees.

* In the case that a Non-Independent External Director is elected, compensation will be set at an adequate level for his/her duties in a way commensurate with the duties discharged by Independent External Directors including in terms of whether or not they are appointed as member of any of three Committees and so forth.

(2) Amount of Compensation for Directors and Executive Officers

1) Targets and results of performance measures for the performance-linked compensation related to this financial year.

A. FY21 Management Incentive Plan (annual bonus)

In line with the Policy of Directors and Executive Officers Compensation, the Company operates an annual incentive plan.

In the financial year FY2021 as the setting of realistic annual incentive plan targets was extremely challenging due to the impact of Covid-19 on trading and markets, as an exceptional approach to the annual incentive plan, a review was done of a number of key milestones and deliverables and a discretionary decision was taken in relation to a payment level at the end of FY2021. Deliverables were focussed in three main areas, as a number one priority Health and Safety of employees, generation of and management of cash, Business Structure Transformation for the Future.

As a result of the discussions at the Compensation Committee, although progress was demonstrated against each of the three key measures during FY21 it was decided that there would be no payment of the management incentive Plan (annual bonus) for all Executive Officers in the FY in question.

B. The long-term incentive plan for the three-year evaluation period (“LTIP”) with the financial year ended in March 2021 (the FY in question)

(A) Performance measures and targets & results

Measures	Ratio	Entry	Result	Achievement against maximum
EPS during the evaluation period (April 2018 to March 2021)	50%	468JPY	Entry point not met	0%
ROS as at the end of FY2021	50%	7.3%	Entry point not met	0%

Note: The net income used for EPS calculation is the adjusted one such that the deduction of the amount equivalent to the preferred share dividends etc. are excluded.

(B) Structure

• An “Entry” level to ensure that the business is meeting the minimum performance required and a “Maximum” setting the upper limit of the payment level with appropriate stretch were set for each performance measure. The achievement rate for each performance measure is zero % if the entry level of the each measure is not achieved.

(C) Payment level for FY2021

• The entry points in the long-term incentive Plan for the three-year evaluation period (“LTIP”) with the financial year ended in March 2021 (the FY in question) have not been met. Consequently, there is no payment of the long-term incentive Plan to all Executive Officers in the FY in question.

C. Outline of an Agreement on Liability Limitation

An agreement has been entered into between the Company and each of the External Directors, to the effect that the liability of each of the External Directors in having performed their duties in good faith and without gross negligence be capped to the amount permitted by law.

VI. Accounting Auditor

1. Name of Accounting Auditor

Ernst & Young ShinNihon LLC

2. Fees, etc., to Accounting Auditor with respect to the Fiscal Year

Fees, etc., to Accounting Auditor with respect to the fiscal year under review	¥ 147 million
Monetary and/or other property benefits payable by the Company and its subsidiaries to Accounting Auditor	¥ 147 million

Notes:

1. The audit contract entered into between the Company and the Accounting Auditor does not differentiate the fees payable to it from their audit in their capacity as Accounting Auditor pursuant to the Companies Act and those payable to from their audit pursuant to the Financial Instruments and Exchange Act. It is not practically possible to differentiate them, either. As such, the "Fees, etc., to Accounting Auditor for the fiscal year" referred to in the above table show the total sum payable for these services.
2. Ernst & Young also acts as principal auditors for material subsidiaries of the Group.

3. The Reason for which Audit Committee Consented to the Fees, etc. to the Accounting Auditor

Audit Committee consented to the amount of the fees, etc. payable to the Accounting Auditor as set forth in Article 399.1 of the Companies Act, after, among others, having reviewed their audit plan, last year's performance and the rationale of fee estimate based on the received documents as necessary and hearing from the Executive Officers, relevant departments and Accounting Auditor themselves.

4. Policies on Dismissal or Non-reappointment of Accounting Auditor

In addition to the dismissal of the Accounting Auditor by the Audit Committee where the Accounting Auditor is considered to fall into any of the causes described in Article 340.1 of the Companies Act, the Audit Committee would, in principle, propose an agenda for dismissal or non-reappointment of the Accounting Auditor to the General Meeting of Shareholders when the Audit Committee considers that it would be difficult for the Accounting Auditor to perform its duties properly, due to their violation of law or other matters impairing its eligibility or independence.

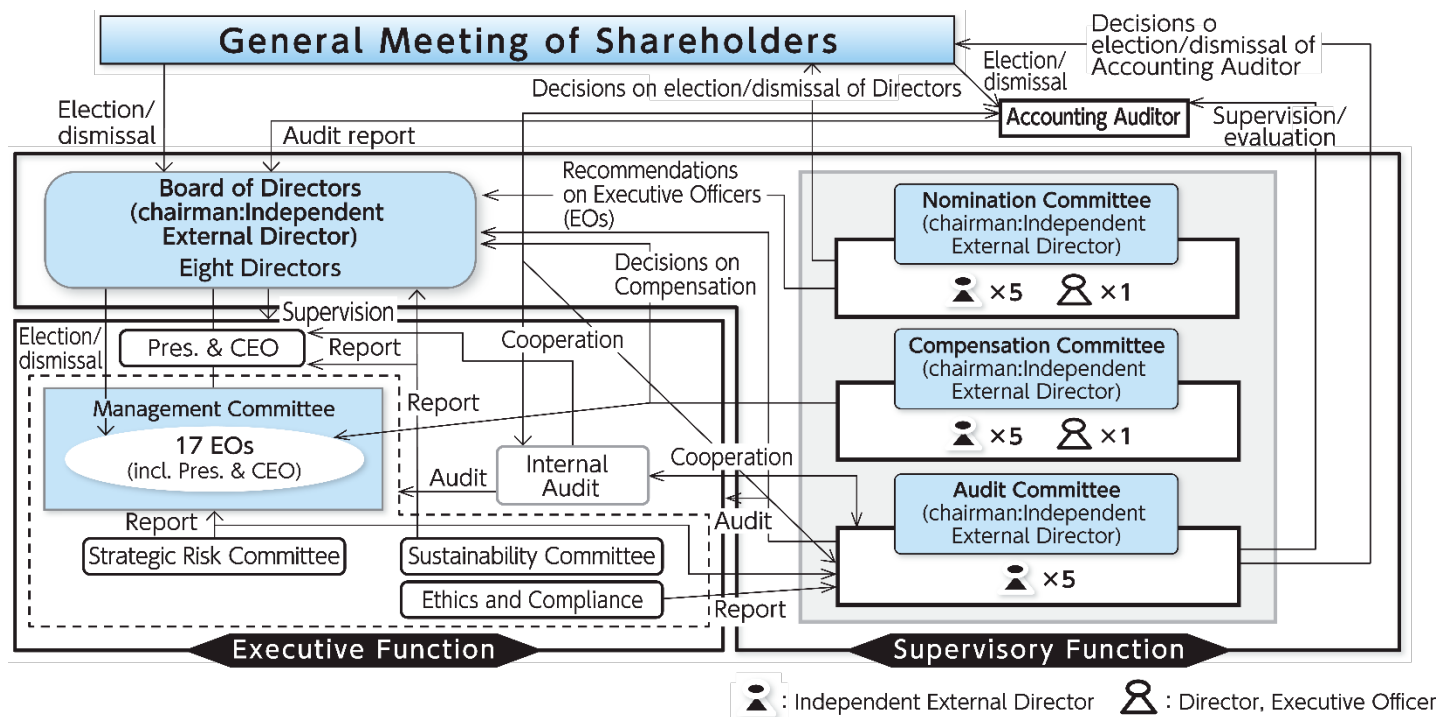

VII. Status of Corporate Governance

1. Policy and Structure

The Company adopts a company with three committees structure, under which we intend and seek to introduce additional safeguards for shareholders, increase the transparency of management, and enhance corporate governance by separating the functions of execution and oversight, with the role of the Independent External Directors strengthened.

NSG Group established the “NSG Group Corporate Governance Guidelines” supporting the Principles of the TSE Corporate Governance Code. These Guidelines provide the basic principles and framework of the corporate governance for the Group to enhance its corporate values in a sustainable manner, on a medium-to-long term basis, and thus increasing the common value of the Group for our various stakeholders including our shareholders.

2. Management System

- **Board of Directors** decides or approves matters delegated to it by resolution of the General Meeting of Shareholders as well as especially important matters on the execution of the Company's business, in addition to the matters provided by laws and ordinances or by the Articles of Incorporation, and supervises the execution of duties by Directors and Executive Officers.
- **Nomination Committee** decides the details of the agenda items on election and removal of Directors to be submitted to the General Meeting of Shareholders, supervise succession plans for President, CEO and other important offices, and give recommendation or advice on candidates for Executive Officers to the Board of Directors.
- **Audit Committee** audits the execution of duties by Directors and Executive Officers, prepares for audit reports, and decides the details of agenda items on the appointment and removal or non-reappointment of Accounting Auditor.
- **Compensation Committee** makes decisions on principles with respect to compensations for Directors and Executive Officers and on individual compensations of Directors and Executive Officers under such principles.
- **Management Committee** gives direction to the management of the Group and monitor the status of its implementation from time to time.

3. Board Effectiveness Evaluation

The Company conducted an effectiveness review and evaluation of the Board as well as the Nomination, Audit and Compensation Committees in FY2020. As for this review, the independent directors were entrusted to lead and supervise the whole process of analysis and evaluation under the leadership of the Chairperson of the Board so that sufficient adequacy and independence was maintained throughout. The effectiveness review endorsed that the Board and the Committees were all properly and soundly operated to ensure their effectiveness. On the other hand, the comprehensive evaluation of the medium-term management plan and MTP phase 2 in which the target was not achieved in the final year of the fiscal year ending March 2020, the deepening of discussions on important management issues in the process of formulating the next medium-term management plan, and the drastic change in the market. However, the formulation of action plan has been suspended concerning the discussion on the New Mid-term Plan to be commenced in FY2021 due to the repercussions of the worldwide pandemic of COVID-19. The Board decided to have thorough discussion on the next MTP when the Board can figure out a more clear-cut business outlook. While analyzing and evaluating the effectiveness of the Board of Directors, etc. for the fiscal year ending March 2021, the Board of Directors will further discuss the new medium-term management plan (RP24) with the fiscal year ending March 2022 as the first year. The Board will dig deeper and further deepen opportunities for discussion and verification of strategic issues.

4. Systems to Ensure that Execution of Duties by Executive Officers are Compliant with Laws and Articles of Incorporation and to Secure Appropriateness of Businesses

- The Board authorizes the Executive officers to make decisions on the business and affairs of the Group Board within the remit permitted by law.
- The Group establishes the Management Committee comprising the Executive Officers as its core member. Discussions and deliberations at the meetings thereof will be of assistance for the Executive Officers to make bold and prompt decisions on the Group businesses in an effective and efficient way, under the framework of the Group's basic policies and goals set by the Board.
- The Group clearly defines the area of duties and responsibilities assigned to respective Executive Officers and other Group Employees pursuant to the resolutions by the Board and those internal policies and procedures providing for allocation of role/duties and authorities.
- The Group prepares for internal policies and procedures in relation to various internal meeting or conference structures within the Group including in relation to Management Committee and ensures that all business decisions for the Group be made in manner complied with the standards and process for deliberation provided in such policies and procedures.
- The Group develops and maintains information systems that improve the efficiency of business operations.

5. Reporting-line structure within the Group

- The reporting-line structure will be built up and maintained within the Group for each and every SBU and function formed on a group-wide basis.
- The Group formulates the internal policy with respect to the management of the Company's subsidiaries which ensures each material subsidiary to notify the Company regularly of the matters relevant to it regarding: internal audit, finance, treasury, taxation, human resources, labor relations, pensions, health and safety, investor relations, legal, ethics and compliance, environment and any other areas related to internal controls and the status of risks or exposures associated with such areas.
- Internal audit will be conducted on a group basis.

6. Systems to ensure effectiveness of audits conducted by the Audit Committee

- The Audit Committee, as a part of oversight function of the Board, is tasked to audit execution of duties by Directors and Executive Officers, on the basis of this Fundamental Policy on Internal Control System, from a viewpoint of whether:-
 - an internal control system is established, maintained and implemented by the Executive Officers in an appropriate manner;
 - and this Fundamental Policy itself is still valid or requires no improvement.
- For the purpose of securing effectiveness of such audit:-
 - the Audit Committee may have its members attend Management Committee meetings and other important meetings of the Group. When other forms of decision-making processes are used in lieu of discussion at a meeting, the Audit Committee has the right of access to any information related to or used in such decision-making processes;
 - the Audit Committee may, as it deems necessary, interview any of those Group Employees with senior positions to obtain information necessary to conduct its audits;
 - the Audit Committee receives regular reports about the current risk exposures of the Group with respect to the followings from departments and functions responsible therefore:-
 - internal audit, finance, treasury, taxation, human resources, labor relations, pensions, health and safety, investor relations, legal, ethics and compliance, environment and any other areas related to internal controls;
 - the Audit Committee has the right of access to any material corporate document containing material information including but not limited to papers used for Management Committee meetings and internal approval documents;
 - the Audit Committee receives explanation from the Executive Officer in charge of financial affairs on the Group's quarterly and full-year financial statements before they are presented to the Board for reporting or approval;
 - the Audit Committee shall meet with Internal Audit function and Accounting Auditor on a regular basis to obtain necessary information; and
 - Members of the Audit Committee may conduct onsite inspections of the Group's major sites to monitor the status of the business and assets when it deems further necessary to do so in light of the purpose of audit

prescribed above in this section.

7. System for reporting by the Group's Employees to the Audit Committee and other systems concerning reporting to the Audit Committee

- Directors and Executive Officers shall report the followings to the Audit Committee immediately when:-
 - an individual has found any fact that could have a substantially adverse effect on the Group
 - a Group Employee has committed or could be considered to commit such an act as may constitute a violation of any law, regulation or the Articles of Incorporation.
- Without prejudice to generality of the foregoing section, the Audit Committee may request any of the Group Employees to prepare and submit such reports as it deems necessary for audit.
- The Group explicitly guarantees that no retaliation or unfavorable personnel action in any manner should be taken against those who report to the Audit Committee by reason of such reporting.

8. Matters relating to Directors and/or Employees who support the execution of duties by the Audit Committee

- The Group shall establish an Audit Committee Office that assists the execution of duties by the Audit Committee, and shall assign such number of employees as it deems necessary for the performance of its functions (hereinafter referred to as "Support Staff of the Audit Committee").
- Under the instructions of the Audit Committee members, Support Staff of the Audit Committee shall:-
 - by themselves, or by liaising with relevant departments, investigate, analyze or report the matters subject to its audit, and
 - where necessary, assist the Audit Committee in conducting onsite inspections of the Group's major sites to monitor the status of their business and assets.

9. Matters relating to i) independence of the above Directors and/or Employees from Executive Officers, and ii) how to ensure effectiveness of Audit Committees' instructions thereto

- Decisions on personnel matters of Support Staff of the Audit Committee shall require the prior notice to and consent of the Audit Committee.

10. Matters relating to policy with regard to advance payment or, reimbursement of the expenses incurred (but limited only to those to accrue relating to execution of duties of the Audit Committee), or any other treatment of such expenses and debts

- If a member of the Audit Committee requests an advance payment of the expenses to be incurred in the course of his performance of the duties or otherwise makes such requests as provided in each section of article 404.4 of the Companies Act, the Company shall not refuse such request except where the Company proves that the said expenses or debts relating to such request is not necessary for the performance of the duties of the committee member in question.

5. Summary of the Operation Status of “Systems to Ensure that Execution of Duties by Executive Officers are Compliant with Laws and Articles of Incorporation and to Secure Appropriateness of Businesses”

(1) Actions with regard to the Group’s Ethics and Compliance

- The NSG Group Code of Ethics broadly covers the ethical behavior expected of our employees in the work place, including compliance with the law and all major Group policies, procedures, and guidelines. The Code is available in all 19 Group languages on its intranet.
- The Group has in place the Reporting of Concerns system including the Ethics and Compliance (E&C) Hotline. The confidential hotline, available in multiple languages, is operated by a qualified third party allowing anyone to report E&C related concerns anytime, even anonymously except as prohibited legally. Group E&C Function periodically reviews and properly controls the Group policies and procedures related to the Reporting of Concerns system, communicating them to the employees. In FY2021, the Group has newly established Anti-Retaliation and Reporter Protection Policy to enhance its commitment that any retaliation against those who report in good faith will never be tolerated. Hotline reports are handled consistently in accordance with the relevant Group policies and procedures, being appropriately investigated where warranted. In FY2021, 137 allegations were reported via the Reporting of Concerns system. In addition, NSG Group Ethics and Compliance Hotline was formally certified as Whistleblowing Compliance Management System or WCMS (self-declaration basis) on 30 April 2021.
- Under the Group E&C Director’s leadership, E&C regional managers are responsible for embedding E&C culture into the whole organization within the major regions of the Group as well as covering risks in each region.
- The Group requires its employees to report or obtain prior permission from Group E&C regarding certain high risk areas such as competition law compliance (CC) and Anti-Bribery and Anti-Corruption (ABAC) via the designated online system. In addition, Group employees are required to report conflict of interests to the company.
- The Group is monitoring third parties such as agents, consultants and joint venture partners that meet certain risk criteria of the ABAC policy.
- Globally, Group E&C screens business partners against all necessary sanctions lists on a daily basis.
- Group E&C facilitates participation in trade-related programs such as C-TPAT (Customs-Trade Partnership Against Terrorism), and AEO (Authorized Economic Operator) at multiple locations around the Group. These programs demonstrate the Group’s commitment to supply chain and facility security as well as strong adherence to Customs regulations.
- The Group annually provides relevant online trainings to CC and/or ABAC key roles. Further, additional areas such as Code of Ethics, General Data Protection Regulation (GDPR), Social Media, Fraud and Inclusion & Diversity are covered accordingly in annual training campaign and/or onboarding.
- Group E&C periodically issues E&C briefings, which are translated in 14 languages and available on the Group’s intranet. In addition, each E&C regional manager publishes regional E&C newsletters for E&C communication and education for local employees.
- Group E&C regularly shares material E&C issues with the relevant SBU/Function heads as well as reports to Audit Committee on its performance and action plans.
- The Group measures the effectiveness of Group E&C program against specific metrics and KPIs with statistical data in several areas regarding E&C activities.

(2) Actions with regard to the Group’s Risk Management

- We identify and assess annually the material risks which should be controlled on a group basis in accordance with NSG Group Risk Management Policy.
- We have established and been operating Strategic Risk Committee whose member consists of Executive Officers including CEO; Chief Risk Officer (“CRO”) is also appointed from among the Executive Officers. The responsibilities of Strategic Risk Committee (SRC) include the provision of an overall framework for the enterprise risk management of the Group, and the identification and evaluation of the high-level risks which could have a material adverse effect. The SRC evaluates the management of these high level risks by the relevant Strategic Business Unit (SBU) and Functions in support of SBUs, approves any additional mitigations and counter measures, and monitors the status on an ongoing basis. The CRO chairs the SRC meetings and, as the representative of the Committee, regularly reports to the Management Committee and Audit Committee in

relation to effectiveness of the fundamental system of the internal control and risk management structure of the Group.

- The SRC has convened three times in FY2021 and revised the material risks and the framework for ongoing review, ensured that the mitigations were operating to the maximum extent, monitored the delivery of improvement actions and reviewed results of the “bottom up” SBU risk management process.
- Each Strategic Business Unit (SBU) and Function in support of SBUs constituting the Group manages and controls risks associated with execution of its own duties and reports, regularly and on an as-needed basis, to the Strategic Risk Committee.
- Internal Audit Function has the role of giving independent assurance to efficacy of such overall enterprise risk management of the Group.
- In addition to the risk management and control implemented by SBUs and Functions, we have also created and been operating the NSG Group Entities Management Policy in order to enable us to comprehensively identify and manage and control material risks particularly in light of each legal entity constituting the Group. The Executive Officer in charge is responsible for regularly reporting to Management Committee and the Board of Directors regarding the outcome.
- We have, in preparation for potential major incidents and calamities, organized and constituted a major incident management team at and for each operating site where major incident management plan is also prepared and in operation, on the basis of NSG Group Business Continuity Policy and Major Incident Guidelines.
- Executive Officers of the Company preserve, maintain and control such information or data as may be relevant to their performance of the duties in their capacity in accordance with the NSG Group Record Retention Policy and IS Security Policy.

(3) Actions to Ensure the Group’s Efficient and Effective Management

- The Group has established the Management Committee (MC) as advisory board for the President/Chief Executive Officer (CEO) in order for the policies and goals established by the Board of Directors to be efficiently and adequately carried out. 11 MC meetings were held during FY2021.
- We have promoted the initiative of separation of oversight and executive role whereby we strengthen the supervisory role and duties of the Board over the executives whilst making necessary delegation of powers and authorities to the executives, thus seeking to enhance transparency and agility of whole management process.
- We set in place the internal rule clarifying the roles and decision-making authorities of each layer of management from Representative Executive Officers to each regional SBU heads. As such the Group operates the organization in which we can make business decisions appropriately and timely addressing changes of market and business environment etc.
- We have introduced and effected IT-operated authorization flow process for efficient and effective business management, including in relation to performance management against progress or results of management plans such as long and medium-term plan or annual plan and approval process for capital expenditures requisition.
- We operate the organization with its reporting lines clarified by having the specific organization charts by each SBU and function which supports SBUs.
- Various meetings were reorganized with the aim of establishing a more agile and resilient management structure, minimizing costs for meeting and maximizing its effectiveness.

(4) Actions to Ensure the Effectiveness of the Group’s Audit

- Group Internal Audit implements audits on a group basis in accordance with annual audit plan agreed by Audit Committee, and reports such audit results to Audit Committee, Executive Officers and external Accounting Auditor.
- Two dedicated Support Staffs of the Audit Committee are appointed for assistance of Audit Committee, and report to and provide necessary information to Audit Committee.

- A member of Audit Committee and Support Staff of Audit Committee attends internal material meetings such as MC in order to ensure the effectiveness of their audit. They have rights to access necessary important documents and so on for their audit.
- Audit Committee periodically meets with Group Internal Audit and other internal control functions and exchange views with them.
- Audit Committee meets with the Accounting Auditor on a periodical and as-necessary basis, keeping close communication with them.
- Audit Committee conducts on-site or online audits at the major business establishments of the Group that it deems particularly necessary.

The above Business Reports are prepared by rounding off any fraction of one million yen to the nearest one million yen. Any future and prospective matters contained above are described by reference to the then status existing as of the end of FY2021.
