#### NOTES

- The register must be completed by all insurers and managing agents managing the insurance business of *syndicates* of Lloyd's members that are carrying out contracts of insurance that provided commercial lines employers' liability cover to employers carrying on, or who carried on, business in, and in relation to their employees' course of employment in, the UK.
- All *policies* under which UK commercial line employers' liability cover has been provided to employees which commenced or were renewed or for which claims were made on or after 1 April 2011 must be included.
- The register must include all employers covered by a *policy*, for example all employers in a group where the *policy* is taken out in the name of one entity in the group.
- The FRN number is that given to the insurer by the FCA. The FRN is not required to be included in the form if a *firm* uses a qualifying tracing office to make available its register.
- The register must include all names by which an employer was known between the *policy* inception date and the *policy* end date, which must be listed, including the name registered with Companies House, where applicable, and trading names. Trading names, if different from the registered name, should be appended to the registered name.
- The employer's address is the latest address for that employer. Where the employer is registered with Companies House, the employer's address is the latest address registered with Companies House.
- The ERN is the employers' reference number provided by Her Majesty's Revenue and Customs for that employer. If the employer has more than one ERN then all ERNs must be included in the register, if it is practicable to do so. Otherwise the *firm* must include the ERN that applies to the largest number of employees.
- The CHRN is the employers' reference number provided, where relevant, by the Registrar of Companies. The CHRN may be included by utilising a facility which searches data obtained or downloaded from Companies House.
- Under a policy of insurance dated 14 September 1972, Ashdowns Limited provided employers liability insurance to companies in the Pilkington Brothers Group ('the assured') for the period from 1 April 1971 to 31 March 1973 and for any subsequent period for which the assured paid and Ashdowns Limited accepted a premium. The last date on which a premium was paid and accepted was 31 March 1998 with the result that the company has been in run off since 1 April 1998. The Employer's Liability Register contains this one policy since there were open claims at 1 April 2011 relating to this policy. Enquiries may be made about this policy by individual claimants, their authorised representatives or their insurance intermediaries, with potential claims, by contacting Group Legal Department, Pilkington Group Limited, European Technical Centre, Hall Lane, Lathom, near Ormskirk, Lancashire, L40 5UF.
