WHO ARE WE?

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Technical Glass.

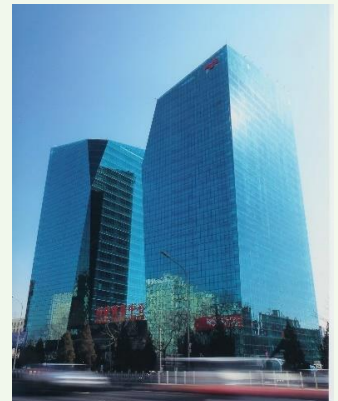

Our mission is to be the global leader in innovative high-performance glass and glazing solutions, working safely and ethically.

THE ROLE

You will report to the Global Strategic Applications centre of excellence Manager – Supply Chain & Manufacturing.

The purpose of the role is to maintain and develop the strategic application, SAP, in line with the business requirements in the supply chain and manufacturing area. Opportunity to participate in rollouts abroad and be involved in the company's digital transformation programmes.

Opportunity to learn the latest SAP S4 EWM product with support for training.

WHAT ARE WE LOOKING FOR?

You and Your Technical Skills

- Educated to degree standard or equivalent, with either experience of working within a systems development environment or manufacturing environment
- Possess a strong understanding of business concepts, a results-oriented and analytical approach
- Strong interpersonal and communication skills, both written and verbal, are essential.
- To maintain a detailed knowledge of the business processes specifically around warehousing.
- Interact with Key Users and external partners, manage activities with stakeholders and key users in all regions.
- Skills in requirements gathering, project planning and management, solution design, configuration, and customization of SAP products.

Benefits

- 25 days holiday plus Holiday Salary Exchange Scheme
- 37½ hours per week, Monday – Friday
- Flexible Working
- Pension Scheme
- Bonus Scheme
- On site car parking & canteen
- On site fitness activities and events

A full UK driving licence and car ownership would be an advantage due to limited public transport to the site.

If you believe you take on the challenge, we very much want to hear from you. To apply please send your CV and covering letter to RecruitmentVacanciesUK@pl.nsg.com and quote reference **GIS P21-14**.
