WHO ARE WE?

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Technical Glass.

Our mission is to be the global leader in innovative high-performance glass and glazing solutions, working safely and ethically.

THE ROLE

We are seeking an enthusiastic, creative, driven Lead Developer to work as part of a Global Development team. The Global team consists of approx. 25 resources from Japan, Brazil, Poland and the UK, responsible for managing projects across the globe for NSG.

The purpose of the role is to provide expert advice and counsel to IT personnel and project teams on the most complex aspects of applications programming. Evaluate new technologies and develop departmental standard practices. You must work independently, with management review of end results. This role requires a technical expert in applications programming, having demonstrated independent work in the design of complex, major modules and multiphase programs. The role must have knowledge of the capabilities and limitations of systems, peripheral devices, and the most sophisticated programming techniques. The role holder typically requires a relevant bachelor's degree and eight to ten years of experience.

WHAT ARE WE LOOKING FOR?

You

- Have excellent communication skills and ability to communicate effectively with all levels of the organisation and be able to follow directions from more established team members.
- Able to work in a global team across multiple time zones/languages and thrive in a team environment.

Your Technical Skills

- Excellent programming skills in C#; .Net4; MVC; Asp.net; Database Design; TSQL, JavaScript/jQuery; Bootstrap; Angular; Entity frameworks; Dependency injection; inversion of control.
- Experience of the following would be desirable: Material for web; SAP integration; Mobile application development; SharePoint integration.

Benefits

- 25 days holiday with option to buy up to 5 additional holidays
- Group Personal Pension
- Flexible Working
- Free on-site car parking
- On-site canteen
- On site fitness activities and events
- Bonus Scheme
- Private Health Scheme
- Company car

A full UK driving licence and car ownership would be an advantage due to limited public transport to the site.

Selection will include a competency interview, aptitude tests and a Personality Questionnaire.

If you believe you can take on the challenge, we very much want to hear from you. Application is by CV and covering letter to RecruitmentVacanciesUK@pl.nsg.com quoting job code **GIS P21-02**.
