WHO ARE WE?

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Technical Glass.

Our mission is to be the global leader in innovative high-performance glass and glazing solutions, working safely and ethically.

THE ROLE

- Commencing Summer 2019 for 12 months
- Within the Enterprise Content Management Team
- **Business Analysis** – empathise with the business to understand their problems and opportunities; define functional requirements and build a project scope
- **Development** – propose, plan and develop solutions in SharePoint / O365 / Sitecore
- **Global Business Projects** – work on real projects to implement the latest collaboration tools and coach our colleagues to work smarter
- **Change Management** – design and implement updates to our corporate web sites & systems
- **Support** – provide application support to a global user base

WHAT ARE WE LOOKING FOR?

You

- A strong understanding of business concepts
- A result orientated approach
- Strong interpersonal and communication skills, both written and verbal, for working in teams are essential
- A willingness to learn quickly and apply knowledge to exploit technology

Your Technical Skills

- Understanding of web technologies such as HTML, CSS, Javascript, ASP.net and C#
- Microsoft operating systems (Windows 7, 10 and Server 2008, 2012)
- Content Management Systems such as Microsoft SharePoint 2010, 2016, Office 365 and Sitecore

Benefits

- 25 days holiday
- Employee discount scheme
- Flexi-time
- On site car parking & restaurant
- On site fitness activities and events

We will train you in any of the skills you don't currently have!

A full UK driving licence and car ownership would be an advantage due to limited public transport to the site.

If you believe you take on the challenge, we very much want to hear from you via our [online application form](#). Please visit our [website](#) for further details.
